# Your Success is Our Business.

At **Georgia Commerce Bank**, we measure our success by the positive difference we make in the day-to-day lives of our customers. Whether you are a business owner in need of a banking partner to help grow your company or an individual looking for a more personal banking relationship, we take time to know who you are so we can best meet your banking needs. In today's world, how many people can say that about their bank?

"When I started my small business, my big bank of 25 years wouldn't even return my calls. A mutual volunteering commitment introduced me to the folks at Georgia Commerce Bank. I set up an appointment and they took time to discuss my business venture. They have always made me feel that they are stakeholders in my business and that they want me to succeed. They are great source for business referrals and are even framing customers of mine. I now have a personal relationship with my bank, not just an account number."
